

SYLLABUS (OF A COURSE/MODULE)

Course/module (as specified in the approved curriculum for the field of study) Seminar		ECTS 7	Catalogue number
Name in Polish Seminarium			
Unit(-s) providing the course/module (Institute/Department) Units of Faculty of Veterinary Medicine and Animal Breeding			
Head of course/module Individual research staff of Faculty of Veterinary Medicine and Animal Science			
Field of study Animal Husbandry	Level II – master studies	Profile Academic-general	Semester I,II, III
Specialisation Animal Production Management	MSc Specialisation Animal Production Management		
TYPE OF CLASSES/LECTURES AND THE NUMBER OF HOURS (organised classes/lectures and self-study)			
Type of studies: full-time		Type of studies: extramural	
- lectures		-	
- practical	75	-	
- Other tutored (total)	35	-	
- consultancy	32	-	
- examination	3	-	
- Self-study (total)	100	-	
- preparation of presentation	80	-	
- preparation for examination	20	-	
Total number of hours:		210	Total number of hours:
OBJECTIVE OF COURSE/MODULE			
Preparing students to write and defend a thesis, broaden expertise, learning how to use various sources of information.			
TEACHING METHODS			
interactive exercises, discussion, multimedia presentation			
LEARNING OUTCOMES		Reference to field outcomes	Reference to area outcomes
Knowledge	E1 – has an extended knowledge of farming and animal husbandry and animal-environment interactions in the context of environmental protection and biodiversity conservation, according to the selected range of studies, E2 – has knowledge about the protection of intellectual property.	Z2A_W10 Z2A_W11 Z2A_W15	R2A_W03 R2A_W04 R2A_W05 R2A_W06 R2A_W08
Skills	E3 – uses different sources of information in Polish and foreign language in search of specialized literature, E4 – interprets data using specialized literature and information technology, E5 – can prepare a presentation using a specialized language and modern methods of multimedia.	Z2A_U01 Z2A_U02 Z2A_U03 Z2A_U12 Z2A_U14	R2A_U01 R2A_U02 R2A_U03 R2A_U08 R2A_U09
Social competences	E6 – is aware of the need for continuing education and improving professional qualifications, self-updates their knowledge and skills, E7 – is able to competently participate in the discussion and solve the problems in team. E8 – is aware of the social, professional and ethical responsibility in the scope of the field of study.	Z2A_K01 Z2A_K02 Z2A_K03 Z2A_K06 Z2A_K09	R2A_K01 R2A_K03 R2A_K04 R2A_K05 R2A_K07

Methods to verify learning outcomes - Assessment of the prepared presentations, evaluation of team work (including discussion), evaluation of the ability to search the literature and the use of specialist language.	Outcome Reference Numbers E1 – E8
TEACHING CONTENT	
Content of exercises: Familiarizing students with the principles of the thesis preparation, including copyright, the principles of the use of literature databases. The current assessment and discussion of the presentations prepared by the students concerning the progress of the preparation of the thesis and specialist scientific literature which is in the range of student interests.
